

Butterfly

Escape from the crowds and enjoy a memorable day afloat Butterfly, a classic yacht in the Delta del Ebro. Relax with an ice cold drink, spread out on the huge deck cushions and experience the tranquillity of sailing around the beautiful Alfaques Bay.

BUTTERFLY is moored in the harbour of Sant Carles de la Ràpita, where it has been available for charter for a year now. LUCAS, her young owner, discovered the Taiwanese yacht four years ago in Croatia and transported the ship to Spain himself within five weeks. BUTTERFLY was in a very uncared for state and had to be completely restored, from the ground up. Lucas' family also operates the "Varadero" (stockyard / ship building) in the harbour of Sant Carles de la Ràpita, and there the young man found the best conditions for renovating the ship, staying true to the original but using the most up to date technology and materials. The yacht is technically state-of-the-art and offers supreme comfort, for the safety and well-being of its charter guests is of the highest priority when on board. The cabins are adorned and decorated with the finest wood and artistic carvings, from the floor to the ceiling. The "Formosa" shipyard on the island of Formosa in Taiwan is famous for its high quality yacht building.

Lucas offers his charter guests a variety of destinations, with various activities.
